

## APPOINTMENT OF NON-EXECUTIVE DIRECTOR

**1<sup>st</sup> July 2010**

The Directors of Structural Systems are pleased to announce the appointment of Peter McMorrow as a non-executive director effective from July 1<sup>st</sup> 2010.

Peter is currently Managing Director of Leighton Contractors and will remain in this position until September 2010.

Peter has more than 30 years experience in the construction industry particularly in the management of dynamic, profitable and long lasting business operations. He has wide ranging experience in all facets of project identification, winning and delivery. His experience covers many disciplines of engineering including civil, building, petrochemical, mechanical and mining.

Peter's vast experience in construction contracting will be extremely valuable to the Structural Systems group.
